Everywhere, groups RAVE about my TRIVIA events

Why? Because, I will present a fantastic, fun-filled trivia program that your group will LOVE, or you don't pay!

Hi, my name is Mark Collard, and I run the most successful trivia programs in Melbourne and Victoria – guaranteed.

I have been presenting vibrant, interactive and fun trivia events for more than 20 years. Groups instantly warm to my personable style and infectious energy. And people always comment on how good they felt during my programs. They frequently recommend me to other groups.

> *"Mark, you were brilliant! You captivated the attention of our rather large, diverse crowd, and kept them entertained and moving forward all evening. Thanx so much - we will definitely be booking you again..."*
>
> Don MacDowall, Executive Officer
> Camping Association of Victoria

My trivia programs are all about having fun – they are not a test! A typical format consists of 4 to 6 rounds (or categories) of 10 questions, chosen from dozens of popular topics from Australiana to TV Themes, World Geography to Sport, Science & Nature to Movies.

The questions are designed so that an average group will be able to answer approx 7 out of 10 questions correctly, with several more difficult questions to distinguish the more trivia-savvy groups.

During the course of the event, I may also invite your group to participate in a number of fun, interactive activities, some of which are ideally suited to raising funds (if necessary) or winning individual prizes. These activities include Table Quizzes which are answered during the course of the program and one or more short, fun games and activities to invite your group to stretch their legs and interact.

> *"Your attitude and enthusiasm was infectious, it was near impossible to not have a good time last week. Thanx so much..."*
>
> Steve Tyrell, Minister
> Coatesville Uniting Church

> *"Feedback from the night has been universally positive which is a testament to your ability to enthuse the group and encourage participation.*
>
> Lisa Sukkel, Club Librarian
> RACV Club
